Heads up

* Your first Verizon Wireless bill may be higher than the above total. In addition to taxes, fees, and other one-time charges, there may be a pro-rated month! time between when your service was activated and your regular monthly billing cycle date.

We use your service address for each wireless service line to determine how we bill taxes, other governmental charges, and Verizon surcharges (which are Verizon's charges, not taxes). As of July 11, 2022, for service other than 5G Home and LTE Home (which are not subject to these charges), these charges can add between 13% and 48% to your standard monthly access and other charges, and may include a Federal Universal Service Charge (33.0% of the interstate and international telecom charges; varies quarterly based on FCC rate), Regulatory Charge (16 cents per voice line, 2 cents per data-only line) and Administrative and Telco Recovery Charge (\$3.30 per voice line, 6 cents per data-only line). Taxes, other governmental charges, and Verizon surcharges are subject to change. For more details on these charges, call 1-888-684-1888.
